Sixty-Third Year | Canyon, Texas | Wednesday, February 25, 1959 | Number 46

Outstanding Player

Eddie Boydstun was named Outstanding Basketball Player at the Canyon High School All-Sports Banquet Friday night. This was his first year to play varsity basketball.

County Resumes E-Way Purchases

Buying of expressway right of way began again Monday when the Randall County Commissioners Court approved purchase of two tracts. They were among the last 22 needed by the county before completing purchases.

Payments of $6,599.31 and $5,000 respectively were authorized to J. W. Molloy and J. M. (Red) Simpson for tracts.

The county stopped making purchases on the expressway several months ago in order to follow the schedule of construction set up by the highway department. The department had asked for right of way on Highway 60 before the county bought right of way between Bell Avenue and the Amarillo city limits on the expressway.

Appraisals for the last 22 tracts were received by the county a couple of weeks ago. Under the contract with the state, the cost of the right of way is shared 50-50 between the state and county, provided the land is bought at prices not higher than an appraisal made by the state.

Three members of the commissioners court left Tuesday morning to attend a school of the Texas County Judges and Commissioners Association at Texas A&M. The school lasts until Friday. Those who were attending were Commissioners C. Y. Johnson and Glenn Dowlen and County Judge Roy Joe Stevens.

Fighting Heart

Larry Brotherton was given the Fighting Heart Award for football at the All-Sports banquet. He played offensive halfback and defensive end for the Eagles. Texas Tech head Coach Dewitt Weaver was speaker for the banquet.

Community-Wide Chorus To Sing Two Cantatas for Art Festival

As one of the music department offerings for the Fine Arts Festival, two sacred cantatas will be presented at 3 p. m. Sunday in the Administration Building auditorium.

The chorus will be made up of WT students and faculty members the Canyon High School Choir and a number of individuals from Canyon and other area towns. The orchestra will be composed of students and faculty and members of the Amarillo Symphony. Both chorus and orchestra will be under the direction of Royal Brantley, professor of voice and director of oratorio and opera at WT.

Scheduled for presentation are "Sleepers Wake" by J. S. Bach and Gabriel Faure's "Requiem."

Soloists for the performance are Elsa Porter, soprano, instructor of voice at WT, and Campbell Bunting, baritone, minister of music at the Amarillo First Presbyterian Church.

A. Clyde Roller, conductor of the Amarillo Symphony and widely known oboe soloist, and Gladys Antrim, violinist, of Canyon, will perform in solo capacity in portions of the Bach Cantata.

The Bach cantata is based entirely on the majestic chorale tune bearing the same name. The cantata was written for the 27th Sunday after Trinity and was composed on a text based on certain portions of the Song of Solomon. It is among the best-known and best-loved works of Bach.

Faure's "Requim" is a musical prayer — a memorial service in song. It contains some of the most beautiful melodies in oratorio literature.

The program will last just over one hour. Admission is free.

The final rehearsal for the program will be at 7:30 p. m. Saturday in the auditorium.

Grocers Start New Warehouse

Ceremonial ground breaking for a 188,000 square-foot warehouse was held Monday afternoon by the Panhandle Associated Grocers with Clay Cooper of Canyon yielding the shovel. Cooper is president of the organization.

The new warehouse, which is expected to cost $745,000, will be the first building in a new industrial area in Randall County. The area was purchased last fall by the Santa Fe and is being developed to accommodate warehouses and industries.

Plans for the new warehouse call for 165,000 square feet of warehouse, 10,000 square feet of frozen food locker, 4,000 square feet for dairy products and 9,000 square feet for the offices.

PAG has had a warehouse on Northeast Eighth in Amarillo in an industrial area developed by the railroad several years ago. The warehouse has been remodeled once, but the grocers association has outgrown it.

The old building has been sold to Star Manufacturnig Company of Oklahoma City. The Oklahoma company also has the contract to build the new warehouse.

Offices in the new warehouse will be of masonry and the warehouse proper will be prefabricated steel. Plans call for completion in late summer.

The new industrial area is directly south of the Cooper house factory on Washington Street, and it lies between Washington Street and the railroad tracks. It extends for one mile along Washington.

R. H. Deitiker of the Santa Fe said several other concerns have been investigating the area, but none have made firm commitments about locating in Randall County.

Also attending the ground breaking from Canyon was Wilford Taylor Jr., a member of the association board of directors.

PAG has 177 member stores in the Panhandle of Texas and in Oklahoma.

Its operation is volume purchasing for distribution to individually-owned stores. The purchases are shipped to the Amarillo warehouse by rail and distributed from the warehouse by truck.

Heart Drive Was 'Most Successful'

Canyon and Randall County had the "most successful Heart drive ever," Mrs. Thornton Dewey said following Heart Sunday.

She gave credit for the success to those who helped in conducting the drive, especially to the Boy Scouts of Troops 31 and 66. The scouts canvassed the town Sunday afternoon, and donated half of the proceeds from running the city and county Feb. 16.

Mrs. Dewey also thanked Charles Donnell for his support in running the cartoon carnival for youngsters Saturday morning, and to merchants who donated prizes for the show. She said the movie netted $99.

Jerry Parker Is Named Finalist

Jerry Parker, son of Mr. and Mrs. J. O. Parker, is one of some 10,000 finalists in the 1958-59 National Merit Scholarship Program.

More than 478,000 students took the first of two examinations last April, and the test results were pared down to the finalists following a second examination. Out of the 10,000, some 700 will be named Merit Scholars and will share in $3.5 million in scholarship funds.

The winners will be determined by the results of final judging now being conducted. The Merit Scholars will be announced about May 1.

Parker has received a certificate of merit.

Wilkinson Named As Representative

Bob Wilkinson was chosen to represent the Canyon Toastmasters Club in an area speech contest, to be held in Hereford March 7.

Alternate will be Mike Morris. The selections were made at Monday night's meeting.

Bill Davis presided, and the topic master was R. W. McNeill. Tom Lindsey was toastmaster. Bob Lindsey was general evaluator. Speeches were made by Jerry LaGrone and Dr. C. R. Nester.

Phillip Waters and Joel Reese, members of the Amarillo squadron of the Civil Air Patrol, attended a cadet conference at Brownwood.

UT Exes Will Meet In College Cafeteria

University of Texas exes will meet at the Blue Room of the West Texas State College cafeteria Monday night at 7:30.

A short film will be shown by Newton Harrell on his Alaskan sheep project in the Aleutian Islands. Coffee and dessert will be served.

All local exes are asked to contact Mrs. Clarence Eugene Thompson, secretary-treasurer, by Friday afternoon to make reservations.

Jones Services Held in Lubbock

Funeral services for Aubry W. Jones were held at 2 p. m. yesterday in the New Deal Church of Christ in Lubbock. Mr. Jones died at 9 p. m. Sunday in the home of his daughter, Mrs. Cecil Simms.

George Stevenson of Broadway Church of Christ officiated.

Burial was in Esto Cato under the direction of Sanders Funeral Home of Lubbock. Warren-LaGrone Funeral Chapel assisted in making arrangements.

Mr. Jones was born Jan. 24, 1879, in Ellis County, Texas, and was a member of the Methodist Church.

Other survivors include two daughters, Mrs. Emmett Burford of Lubbock and Mrs. E. W. Woods of Canyon; four brothers, Nat Jones of Springfield, Colo., Henry Jones of Barstow, Calif., August and Ernest Jones, both of Abernathy; two sisters, Mrs. R. L. Galloway of Georgetown and Mrs. T. R. Darden of Abernathy; five grandchildren and nine great-grandchildren.

Cancer Society Offers Service

Envelopes for memorial gifts to the American Cancer Society have been distributed to a number of Canyon business houses on easel displays, the local cancer society has announced.

The envelopes contain an explanation of the memorial gift program, a blank draft and an information blank for the donor to fill in.

The program works in this manner: A memorial gift is sent to the Cancer Society, along with information about the donor and the person for whom the memorial is being given. The Cancer Society sends an engraved memorial card to the family of the deceased, bearing the name of the person honored and the name or names of the donor.

The donor receives an official receipt for income tax purposes.

Canyon Water Supply Given Okay By State Health Department Letter

A recent inspection of the city water system has given Canyon the accolade of the State Health Department and the right to display signs saying "Public Water Supply Approved."

The inspection was made Feb. 9 by W. D. Power of the state department. G. R. Herzik Jr., associate director of the division of sanitary engineering, said the state department "continues to recognize Canyon as being served by a Class A or state approved water system."

In a letter to Mayor Charles Donnell, Herzik said:

"Our representative has reported that numerous improvements to the water system have been completed over the past several year period. It is understood that the major improvements provided consist of the acquisition of adequate water rights comprising some four sections of land and subsequent drilling of three supply wells, the provision of a well field collector line and some 15 miles of well field transmission line, and construction of two surface storage reservoirs. It is our feeling that the city officials are to be complimented for their interest in providing these improvements so as to safeguard the water from possible contamination and to provide more adequate water facilities to meet increasing water demands.

"This inspection also revealed that the plant facilities are being maintained in an excellent condition, and that the acceptable operating practices and mandatory items for continued state approval have been complied with."

Archibald Play Is Speech Offering For WT's Festival of the Arts

"The Innocents," a three-act drama based on the terrible tale by Henry James, "The Turn of the Screw," will be the major offering of the speech department during the annual Fine Arts Festival at West Texas State College.

The William Archibald play, which premiered in 1950 on Broadway, was originally scheduled at WT early in February, but was postponed because of the illness of one of the cast of four. Branding Iron Theatre director William A. Moore then decided to produce the harrowing piece for the festival.

Appearing in the cast will be David O'Keefe of Amarillo and Janelle Mundy of Canyon as the children, Miles and Flora, who are possessed by evil spirits. Others are Ann Smith of Dimmitt as Miss Giddens, their governess, and Janis Dunnam of Lefors as Mrs. Grose, the housekeeper. Shadows of Peter Quint and Miss Jessel, whose spirits possess the children's bodies, are played by Kay Brown of Stinnett and James Hinkley of Pampa.

Student directors for the production are Miss Brown and Merle Dean Campbell of Hartley. Robert L. Antrim is technical director.

Curtain time each night, Tuesday through Friday, will be 8:15 p. m., and admission will be 75 cents fo radults and 50 cents for children. Reservations may be made each night through the WT speech department, phone OL5-3781.

The play is Archibald's adaptation to the stage of James' story, which won acclaim as perhaps the most dreadful story of the spirit world to be written by an American author.

Story deals with a governess hired to look after the welfare of two orphaned children and to be supervisor of a large house in the English countryside. After a period of time in the household, the governess slowly becomes aware that the two children are at times possessed "by demons," and she is the only one aware that such is occurring. She is horrified to see that the evil spirits of two former servants of the house have taken over the bodies of the two children and are wreaking death to the "innocents."

The play follows closely the story as related by James, with the exception that the stage version does not bring the number of characters seen in the James story. Nor does the play bring so forceably the characters of Peter Quint and Miss Jessel, who were seen in the story.

Grain Meeting Set Friday Night

Grain sorghum growers of Randall County will have a meeting at 8 p. m. Friday in the 47th District Courtroom. The meeting is sponsored by the Randall County Grain Sorghum Producers Association.

On the program will be R. G. Peeler of Hereford, discussing what is being done about grain sorghums in this area, and Bill Nelson of Amarillo, telling of research and marketing.

Food for Thought

Jack Walker Tells of WT Barbecue

An article on "Barbecue: A Texas Institution," which deals primarily with the annual Homecoming barbecue at West Texas State College, appears in the current issue of Texas Parade.

The author of the article is Dr. Jack Walker, associate professor of speech, who is chairman of the college's Homecoming committee. Dr. Walker contends that the art of barbecuing is practiced more in Texas than in any other area of the country. His story contends too, that any method of barbecuing improves the taste of meat.

His story, illustrated by pictures of past barbecues at WT, tells of the methods used by the college professors in preparing the meals for returning ex-students.

Dr. Walker, a member of the WT faculty since 1948, has been chairman of the Homecoming committee for nearly ten years.

First Aid Experts

Highway Patrolmen Gilbert Ray, left, and Fred Lenz attach a Red Cross First Aid sticker to the bumper of their patrol car to advertise the fact that both are qualified to give emergency first aid. This is a statewide move by the Texas Highway Patrol as an aid to motorists.

Red Cross Drive Starts March 1

The annual Red Cross drive begins Sunday in Randall County, with a goal of $1800.

Dr. B. Ford Fronabarger is county chairman. The drive will continue during the entire month.

A plan for canvassing all of Canyon and the rural areas is being prepared.

Fine Arts Festival

Photographic Eye

PHOTOGRAPHIC QUALITIES are achieved in drawing by a 15-year-old Amarillo High School senior, and recognition of her outstanding ability will be paid during the Fine Arts Festival at West Texas State College.

Sue Daykin, who can transfer exactly what her eye sees to a piece of drawing paper with an "eversharp pencil," will be honored with a one-man show Sunday when the art exhibitions of the festival open at WT.

☆ ☆ ☆

HER WORK, primarily portraits done with pencil or charcoal or pastel chalk, will be exhibited in the WT library, and she, along with other artists, will be honored at a tea at 1 p. m. Also to be shown are the paintings of Eric Gibberd, noted Taos artist who will speak at the festival's opening banquet Friday, works of Marcella Chandler, WT senior from Littlefield, and the Jewelry collection of Mrs. Willeta Olds, Pampa art teacher.

Sue, whose parents are Lt. Col. and Mrs. Samuel P. Daykin, 1605 Milam in Amarillo, has had little formal art training. According to her father, who is chief of professional services at the Amarillo Air Force Base, Sue "just began drawing." She started while she was about 7 years old when the family lived in England.

☆ ☆ ☆

"SHE WAS drawing her dream house," Col. Daykin said. "She just kept drawing and began using neighbor children as models."

The Daykins have lived in Amarillo since last August, and Sue has been busy "drawing people" since that time. She uses ordinary pencils and "rubs in the shading." She uses a tracing paper to get the right shapes and then transfers the drawing to the permanent drawing paper.

☆ ☆ ☆

SUE HAD a teacher in St. Louis who taught her proportions, she said, and she is now taking art at AHS under Mrs. Zudie Edwards. She plans to graduate from high school next summer and hopes to study commercial art at Washington University in St. Louis.

"I usually draw from a photo or I just make up a person, unless, of course, I have a model. I concentrate on getting the proper shading which shows mood and character," Sue said.

☆ ☆ ☆

THE YOUNG artist completes one drawing in about a week, she said. She works from three to 15 hours on a single piece. She has found that people are the most challenging to her, though she has tried to draw other things such as animals and landscapes. She prefers to draw children because "they are innocent" and have smooth facial features.

The exhibition at WT is the first of major importance to Sue, though she has exhibited drawings before in St. Louis and in Florida, where she lived before moving to Amarillo. She had one picture on display last fall at the Tri-State Fair, which was a head of a girl. The WT display will be shown through March 8, when it will be moved to the corridors at Amarillo High School. It will become a part of a student exhibit at AHS.

Down With Democracy!

(The following editorial is from the Ralls Banner.—The Editor)

The person who boasts about how nice it is to live in a democracy should be required to wash his mouth with soap, then be given a course in American history.

One hundred and eighty-three years after the United States became a republic, people still call it a democracy.

This country is not a democracy, it never was a democracy, and wise founding fathers exercised the greatest of care to see that it could never become a democracy.

Those early statesmen feared the tyranny of the majority no less than the tyranny of a monarch. History had taught them that the unbridled passion of the majority always led to suppression of individual liberties. They were convinced that only a republican form of government could preserve human freedom. It was Benjamin Franklin who told a friend following the Constitutional Convention, "We have given you a republic, if you can keep it." Nowhere did any of the founding fathers say, "We have given you a democracy."

James Madison and Alexander Hamilton held the rule by simple majority as one of the worst evils. That is why the Constitutional Convention adopted the plan of legislation through people's representatives, and demanded a two-thirds majority of even these representatives when voting on certain vital issues. It was to prevent hasty, unwise curbs on freedom by a bare majority.

Visualize, if you will, what would have happened in this country under a democracy, when Sen. McCarthy and his witch hunters were at their zenith. Would not the mob have elevated Douglas MacArthur to chief of state following his noted address to Congress? Wouldn't lynch law be an accepted practice? Would a tax collector have any security? Could a nation survive at all?

Man, anywhere, cannot be trusted with the preservation of his own liberty. That is why we have a republic, not a democracy. The word has great respect in the languagy of freedom, and it should not. It is tyranny through inflamed passions of a mob. Anything worse in government is hard to contemplate.

Observation

What happens to our powers of observation when we grow older? Do they lessen, or is it that we observe different things than we did as children.

I took a walk with my daughter the other day. We struck out across the campus of West Texas State, and spent as much time on the grass as on the sidewalk.

At the beginning, what did I see? I saw the sidewalk, and I saw an expanse of dead grass. There were bits of trash here and there, but they were small bits, not worthy of notice.

But what did Cristi see? I have no way of knowing for sure, but she stopped and inspected items that I didn't even know were there.

Here, a scrap of yellow paper from a chewing gum wrapper. There a round pebble that's just right for putting in the mouth. And over there, a whole bunch of bean pods from a locust tree.

Bean pods are fun. They crackle. They pull apart. Two or three can be picked up and thrown down again. And then they can be put on top of each other.

Here we have a big hill to climb. To me, it was just a manhole cover for the steam lines. But to Cristi, it was a place to climb. She could stomp her foot on the iron and make a hollow, ringing sound. And she could compare that sound to the one made by stomping her foot on the concrete.

And along the sidewalk, there's a crack. That's a good thing to straddle and practice putting her feet where she wants them to go.

Between the sidewalk and the grass there's a little, bitty ditch that's good for learning how to step a long way and still stand up.

Oh, and here's a piece of a plastic spoon. It's just fine to feel and taste and here's a sliver to tear off it.

No doubt about it, Cristi saw more than I did. At least, she saw more until I had to start watching to intercept dangerous things before they got to her mouth.

Emergencies

For the first 120 days of every odd-numbered year, Texas is faced with a series of emergencies that staggers the imagination. In fact, it takes quite an imagination to think up all the emergencies that exist.

Those emergencies come about this way: The state constitution requires that all bills pending before the legislature must be read on three separate days, but in the event of "imperative public necessity," a vote of four-fifths of the house before which the bill is pending may suspend the rule. So everything becomes an emergency.

For instance, here's a bill that would require that city and county-owned vehicles should have a sign on the side that indicates the ownership. And the second section reads:

"The fact that there is no present provision compelling identification of city or county-owned vehicles as there is for state-owned vehicles creates an emergency and an imperative public necessity that the Constitutional Rule . . . be suspended," etc.

Now there's an emergency if we ever saw one.

Open Letter

Here's a private note to Thomas Turnstile Thompson of Amarillo fame, and each of you is invited to read it, also.

We appreciate your reference to the kind of justice handed out by "Canyon" juries, Tommy. We like to think that the juries we have in this county take their duties seriously, and do their best to render a just verdict.

We also like to think that we "country rubes" are not so easily hornswaggled as "city dudes," but there's one point missing.

Some of the credit for any good work of "Canyon" juries must go to the good citizens of Randall County who live in Amarillo, south of the Potter cyclorama. Any jury panel is likely to include Amarillo residents up to two-thirds or three-fourths of the total.

What Our Neighbors Say . . .

Scissor Snippings

From the Panhandle Herald: The rumor being circulated that the Commissioners purchased six bridge tables for a certain bridge club is erroneous. The tables were purchased as equipment for the War Memorial Building, to be used by anyone having meetings there.

☆ ☆ ☆

Jimmie Gillentine in the Hereford Brand: There has been considerable speculation about Hereford's growth in recent months, and several people figure the town is losing instead of gaining. Some Canyon friends were ribbing Wayne Thomas about Hereford losing so many telephone connections — and they were partly right. From Dec. 1, 1958, to Feb. 7, 1959, a total of 51 telephones were cancalled out in Hereford. However, this is due in part to closing of vegetable sheds by carrot, beet and lettuce dealers and is an annual event.

Ted Levy, district telephone manager, reported a net gain of 144 telephones for Hereford during 1958. In December, 1956, the telephone company showed 2,962 connections as compared to 3,356 in December, 1959—a gain of 394 telephones (better than 11 per cent) in the three year period. This is not conclusive, of course, but I would guess it is a pretty fair picture of the steady growth which this area has enjoyed during the time.

(That figure of 3,356 for next December is Mr. Gillentine's, not ours.—Canyon News Editor).

☆ ☆ ☆

Paul Crume in the Dallas Morning News: Ed Shaw, brother of District Clerk Bill Shaw, has been visiting from Amarillo. He mentioned the other night that he'd been playing a lot of bridge, and Mrs. Bill Shaw asked him if it had been duplicate bridge.

"What's that?" asked the Amarillo Shaw.

"That's where all the hands are dealt out in advance."

Shaw looked thoughtful.

"No," he replied, "I haven't been playing that kind of bridge, but I begin to suspect that I have played some duplicate poker."

I GIVE YOU TEXAS

By BOYCE HOUSE

The most lavish entertainment I ever received was in Port Arthur. I was to speak at the ladies' night dinner of the Lions Club and, next night, to the Elks and their wives.

Dr. Desmond Secrest, who had arranged the engagements, was aided and abetted by other Lions—(I'm a Lion myself)—and the red carpet was really rolled out. A group met me in Houston and we drove to Port Arthur. At the Goodhue Hotel, I was ushered into a suite—yes, sir, a suite and it had a balcony—and I mean balcony, for it would easily hold eight persons, seated.

We drove out to a beach cafe and had barbecued crab, the specialty of the house.

Next day, there was a cruise on a luxury craft. But the crowning event was a dinner at a lodge on a bayou—a campfire (for lighting, as the night was mild), a dinner composed of French dishes, and stories afterward. Some 50 of the leading citizens of Port Arthur were there.

I felt embarrassed at all this attention—but I sure did like it.

In the shack city of Desdemona during the oil boom, every bit of space was utilized. Hotels built upper-story porches out over the sidewalk and filled these porches with cots. An oil man who went through the boom (1918-1920) said he had a cot on a second story porch and he was always nervous for fear that when a sidewalk gunfight broke out (and they did, every now and then in the wild town), a bullet would come up through the floor.

Learned men scoffed at the idea that there had ever been such a city as Troy. But a businessman, who did not have enough learning to know that Troy was only a myth, dug and found its ruins. In fact, he found the ruins of five Troys, one on top of the other.

Chambers of Commerce are overlooking an opportunity to get wide publicity for their cities. In the old days of boxing, there were "Harlem Tommy" Murphy; Leach Cross, always referred to in the sports pages as the Brooklyn dentist, and Jim Flynn, the "Pueblo fireman." One of the greats of his time was "Packey" McFarland, whose monicker was a constant reminder that he came from the packing-house district of Chicago.

BUCK FEVER

This is the time of year when we all take a lot of capital punishment — income tax.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: E. B. Givens and the unknown heirs, devisees, legatees and legal representatives of E. B. Givens; Mrs. E. B. Givens and the unknown heirs, devisees, legatees and legal representatives of Mrs. E. B. Givens; M. E. Givens, and the unknown heirs, devisees, legatees and legal representatives of M. E. Givens; Mrs. M. E. Givens and the unknown heirs, devisees, legatees and legal representatives of Mrs. M. E. Givens; L. G. Conner and the unknown heirs, devisees, legatees and legal representatives of L. G. Conner; Q. V. Conner and the unknown heirs, devisees, legatees and legal representatives of Q. V. Conner.

GREETINGS:

YOU ARE COMMANDED to appear and answer the Plaintiff's Original Petition at or before 10:00 a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 30th day of March, A.D. 1959, at or before 10:00 a. m., before the Honorable 47th Judicial District Court in and for Randall County, at the Court House in Canyon, Texas.

Said Plaintiff's Original Petition was filed on the 11th day of February, 1959. The file number of said suit being No. 3698. The names of the parties in said suit are:

Hosea Foster, PLAINTIFF
and
E. B. Givens and the unknown heirs, devisees, legatees and legal representatives of E. B. Givens; Mrs. E. B. Givens and the unknown heirs, devisees, legatees and legal representatives of Mrs. E. B. Givens; M. E. Givens and the unknown heirs, devisees, legatees and legal representatives of M. E. Givens; Mrs. M. E. Givens and the unknown heirs, devisees, legatees and legal representatives of Mrs. M. E. Givens; L. G. Conner and the unknown heirs, devisees, legatees and legal representatives of L. G. Conner; Q. V. Conner and the unknown heirs, devisees, legatees and legal representatives of Q. V. Conner, DEFENDANTS.

The nature of said suit being substantially as follows, to-wit:

A suit in Trespass to Try Title involving the following described land wherein the Plaintiff claims title to said land by virtue of the 3, 5, 10 and 25-year statute of limitations:

All of Lots Numbers One (1) and Two (2) in Block Six (6) of the Original Town of Canyon City, in Randall County, Texas.

If this Citation is not served within ninety (90) days after date of its issuance, it shall be returned unserved.

WITNESS, Mavis Hill, Clerk of the District Court of Randall County, Texas, on February 11, 1959.

MAVIS HILL
Clerk, 47th Judicial District Court of Randall County, Tex.

ISSUED this the 11th day of February, 1959. Given under my hand and seal of said Court at office in Canyon, Texas, this the 11th day of February, 1959.

MAVIS HILL
Clerk, 47th Judicial District Court of Randall County, Tex.

COLE & MOORE

Jowell HD Meets With Mrs. Spencer

The Jowell Home Demonstration Club met with Mrs. J. W. Spencer recently.

The program on "Civil Defense" was given by Mrs. F. E. Culp, Mrs. E. C. Robinson and Mrs. T. J. Bonds. Roll call on "How To Care for the Sick" was answered by 13 members. Refreshments of sandwiches, potato chips, olives, candy, cake and coffee were served.

Mrs. Lee Roy Bauer and Mrs. N. B. Jackson became members.

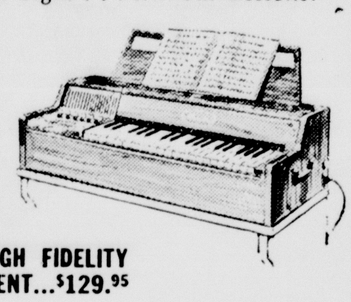
Next meeting will be with Mrs. Jim Bible March 4.

A community party will be given at the Jowell Community Center Friday night.

You Can Play it at Sight . . . without Lessons!

Magnus Electric

CHORD ORGAN

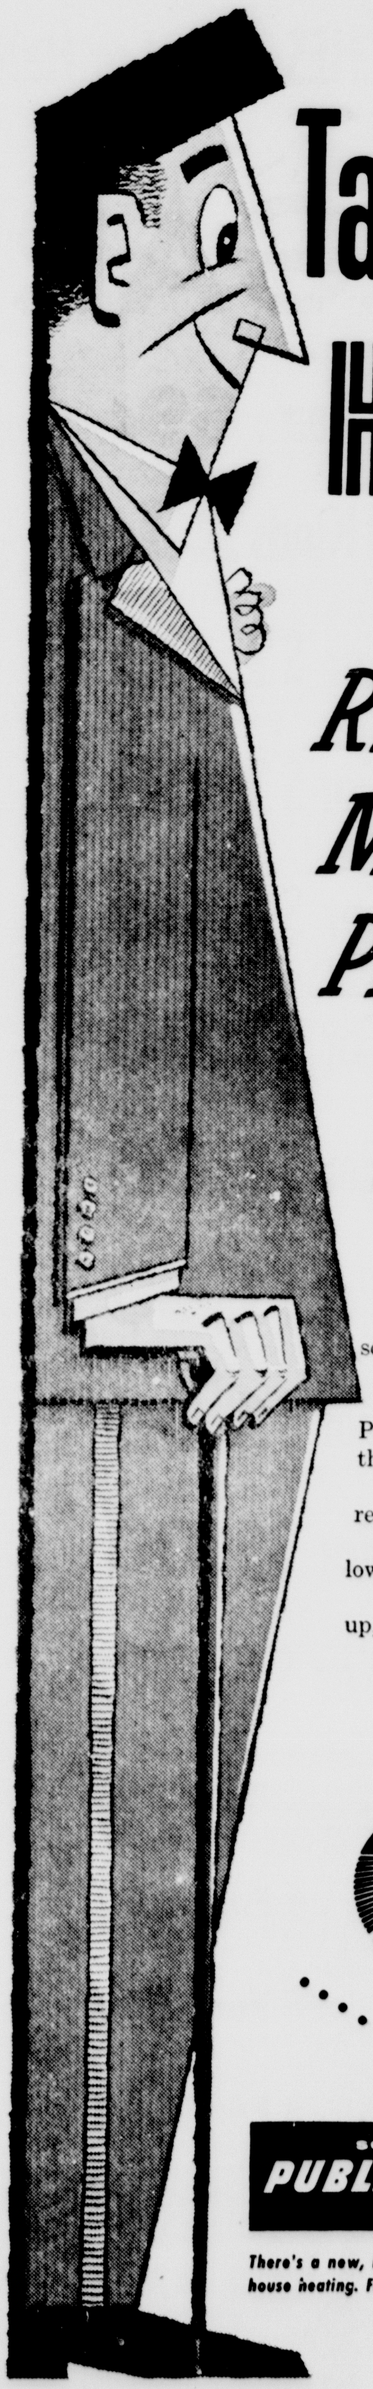


A FULL RANGE HIGH FIDELITY MUSICAL INSTRUMENT...$129.95

Pep up parties . . . enrich your family life . . . AMAZE your friends by playing this magnificent high fidelity musical instrument AT SIGHT . . . without lessons! Let us prove it to you with a two-minute demonstration.

Western Auto Associate Store

O. W. (BUD) PARKER, OWNER



Tailored HEAT AT REDDY MADE PRICES

That's the nice thing about ELECTRIC heating—there's an electric heating unit to do the exact heating job you want done . . . from complete house heating, either warm air or radiant, to small spot heating with a simple, screw-in-socket heat lamp. And, like it says above — AT REDDY MADE PRICES. You see, you get the fit (like a tailored suit) at prices you pay for a ready made garment (good looking, functional and lower cost). If you've a cold spot you want to warm up, then stop in and talk to your Public Service manager — he has the solution for you.

HEAT BETTER ELECTRICALLY

SOUTHWESTERN PUBLIC SERVICE COMPANY

There's a new, low heating rate for full electric house heating. Find out about it from your Public Service manager.

Prince Charming

Bob Winn, second from right, is crowned Prince Charming at the Future Homemakers of America Sweetheart Banquet Saturday night. Douglas Bond looks on as Judy Taylor presents the winner.

☆ ☆ ☆

Dorothy Higdon Crowned FHA 'Queen of the Year' Recently

Dorothy Higdon was crowned Girl of the Year, and Bob Winn was chosen Prince Charming as the Canyon High School chapter of Future Homemakers of America held their annual Sweetheart Banquet Saturday.

Theme of the banquet, held in the Canyon Elementary School, was "paint the town red," taking the chapter's colors of red and white. Records, musical notes, and instruments carried out the theme. Red and white balloons circled the ceiling.

Bob Wear, minister of the Central Church of Christ, was principal speaker for the evening.

Judy Taylor, president, and Linda Green, vice president, shared toastmistress duties. Beverly Henson gave the invocation, and Mayla Atkinson presented a devotional, "My Valentine."

Dorothy Higdon, banquet chairman, gave the welcome, and Beverly Richard gave the response.

"The Coasters," composed of Suzanne Lemons, Jeannie Whinnery, Sally Foster and Bernice Green, presented several musical numbers in pantomime.

The Rev. Doyle Ragle, pastor of the First Methodist Church, offered the benediction.

A prom followed in the all-purpose room.

SELF-IMPROVEMENT

Well adjusted people are content with what they have — but never with what they are.

A man may stand on his dignity, but he still has trouble seeing over the heads of the crowd.

By now, there's a substitute for most everything except personal letters. Hardly any human desire but can be met cheaper, quicker, better than it could have once-upon-a-time.

A few attempts have been made at assembly-line letter writing. Greeting cards have gone far afield trying to replace the personal letter. But even the 50-cent treatment is no such conveyor of heart-warming news as a handwritten note that mentions familiar names and places.

Several years ago, the telegraph company composed appropriate messages for Easter, Mother's Day and other anniversaries. One simply scanned the choices, then telephoned: "Number 31, please, to this address; and charge it to our phone." Of course, anyone with the sense of a guinea hen could have thought up a more meaningful greeting in the time he spent deciding which canned one to select. But it fitted into our hurry-hurry theme of living.

The greatest poetry of prose in the world, however, can't substitute for: "Little David's face lights up like a lantern when the new baby is mentioned. He has announced to the milkman and the car mechanic that we are expecting!" These words do more than reach across the miles with facts. They transport us to the distant home where "the such-and- such program is on in the living room and your grandson is 'on' in his bedroom." And we have a complete sense of visiting with these loved ones.

A friend whom we haven't seen in years writes what books she is reading, the plays she sees; sends a clipping about someone we've admired. Communication is still a vital part of human relations, and a letter than the sender enjoyed writing carries as true a sense of warmth and affection as a personal visit.

The nicest way to wish them "HAPPY BIRTHDAY"

from our complete selection

Mayor's Soap Box

(The opinions reflected herein are not necessarily those of the other two commissioners).

I wish some of the stockholders would quit making a mountain out of a mole hill by putting dirt on it.

Brewer To Attend Meeting in Dallas

Arthur Brewer, Baptist Student Union director at West Texas State College, is a member of a state Baptist committee which will meet in Dallas Feb. 27-28.

The 15-member summer missions committee will screen applicants who have requested assignment to mission posts in five countries this summer.

The program is sponsored by the Texas Baptist student department, headed by Dr. W. F. Howard, who said the students would work with missionaries already in the areas in conducting vacation Bible schools and teaching Bible classes.

Expenses for the project are paid by the missionaries and other Baptist students who worked at part time jobs to earn the money.

Students selected by the mission committee will serve this year in Hawaii, Mexico, Canada, Paraguay and the United States.

Morning—Chevy panel hustles over causeway to St. Petersburg.

Chevy panel steps lively in Florida...runs day and night, delivers 19.3 miles per gallon!

This '59 Chevy panel is on the go, morning, noon and night; it covers as much as 587 miles a day . . . runs so constantly that its engine never cools off completely. Yet Mr. Clark Farber, the Tampa Tribune's circulation manager, reports that the truck is delivering 19.3 miles per gallon!

This year, the light-, medium- and heavy-duty trucks of the 1959 Chevrolet Task-Force fleet are out to whip *anything* that comes their way—and they've got what it takes to do it!

Take the panel pictured above, for example. Powered by the '59 Thriftmaster 6 with new economy-contoured camshaft, it's building a sensational economy record, despite the sizzling pace of its work. That's typical of the way Chevies of all sizes are turning-to on the most challenging jobs in America. The way they're made, with tough-built truck components, they make the hardest hauls look easy!

If you have a job that puts a truck on its mettle, see your Chevrolet dealer!

No job's too tough for a Chevrolet truck! CHEVROLET

See your local authorized Chevrolet dealer

HUMAN NATURE
It's a waste of time to explain your actions — people prefer to draw their own conclusions.

OPPORTUNITY

For ambitious men, ages 17 to 50, from Northwest Texas area, in Industrial Electronics and Guided Missile Field

No previous experience needed. Must be willing to spend one hour a day, four days a week, on short, practical industrial training using actual equipment under the guidance of our engineers. Arrangements will be made for those accepted so that training will not interfere with present employment. Positions for which this training will qualify you currently pay from $90 to $140 per week. If you have a sincere desire to better yourself with a steady job and income, we will be glad to discuss these opportunities with you. No obligation for strictly confidential interview with our bonded personnel man.

Please write UNITED ELECTRONICS LABORATORIES, Box 928 c o Canyon News, giving age, address, working hours at present; also phone number if you can be reached by phone.

TRADING TIME - - - -

It's just plain good farming business to trade right now at
HEATH & LAWLESS OLIVER CO.

Here's why: When you trade now for the equipment you'll need for the coming year, you'll get Oliver's "Trading Time" Bonus. Oliver will pay you in cash at the rate of six per cent on your trade-in or down payment until your season of normal use. That isn't all. You'll get a giant allowance on your trade-in machinery, because HEATH & LAWLESS wants it now, while there's time to condition it for resale in the normal selling season. Giant allowances . . . a six per cent bonus . . . and full protection against price increases. That's what you get when you trade now for the Oliver combine, baler, corn picker or forage harvester you'll need in the year ahead. It's just plain good farming business to trade now at
HEATH & LAWLESS OLIVER CO.
The place where you will get complete service on any machine or tractor which you purchase from them.

By VERN SANFORD
Texas Press Association

The season of the "hard luck story" is in full swing.

Legislative committees having to do with taxing and spending are in almost constant sessions. On the one hand they hear from the state agencies that want more money — of their dire needs, of the gloomy future that awaits the state if their programs are under-financed.

Equally mournful are the stories of those who would be the targets of new taxes. It would be like putting up a "Keep Out of Texas" sign for new businesses and accompanying prosperity, say many business and civic leaders of the sharp new tax bites. Texas communities trying to build up their areas by bringing in money-making enterprises would have the rug pulled out from under them, say the tax critics.

In this arena of clashing viewpoints, the legislators must serve as both judge and jury. Few lawmakers expect to collect any nosegays for their efforts — no matter how sincere or well-considered. Some expect they may have to displease both groups—by cutting spending requests and raising taxes —all in one woeful session.

Bane To Business

As expected, businesses, large and small, take a dim view of Gov. Price Daniel's proposal to increase corpration franchise taxes.

Industry spokesmen told of probable increases of from 50 to 250 per cent in the amount they would have to pay. They complained, too that they'd have to pay a tax whether they were making money or not, since the tax would be on capital, rather than income.

Rep. J. E. Winfree of Houston, sponsor of the bill, told the business representatives, in effect, "It's this or something else."

UT Pleads Case

University of Texas "will sink back into mediocrity," declared exes and officials, unless the school gets a better appropriation deal than that proposed by the Legislative Budget Board.

University officials asked for a two-year appropriation of about $34,006,067. Budget Board recommended $27,920,624.

Dr. Logan Wilson told the House Appropriations Committee that people seemed willing to pay broad-based taxes for highways. Why not for higher education?

Herman Jones, Austin attorney and spokesman for alumni, emphasized the importance of improved education to this country's position in international affairs. "I don't want it put in the history books that this generation kept the budget low and let the nation die," said Jones.

UT officials also said they would be opposed to establishing a third medical branch — at San Antonio, Austin or elsewhere — until they have gotten enough money to make "first class" the existing Dallas and Galveston branches.

Prison Problems

Even more impassioned are the pleas of those concerned with appropriations for the Department of Corrections.

Texas Prison System is operated at about half the national average cost per inmate, says Supt. O. B. Ellis. For some years Board members have been warning of dangerously overcrowded conditions, and the need for more buildings.

A slash of funds and personnel, as proposed by the Legislative Budget Board, would bring sheer ruination to the bulging prisons, in Ellis' view.

Prison System has an even more immediate pinch in that it hasn't money to finish out this fiscal year. It had a crop failure last year, when floods wiped out cotton on the prison farms.

Since the Prison System is heavily dependent on its own production, it, like any hard-hit farmer, needs some "cash money" — about $500,000 — to tide it over for this year.

Something's Gotta Go

We can't continue our present services and take a budget cut too, Texas A&M Extension Service officials told legislators.

Budget Board recommended a slightly lower Extension Service appropriation for 1960 than it had for 1959. Service had asked for sizeable increase to help off-set extensive loss of county agents to better-salaried jobs in industry.

Spokesmen for the Farm Bureau and numerous other rural groups appeared before the House Appropriations Committee to plead the importance of Extension Service work.

Deadline Extended

Senate General Investigating Committee, a creation of the last session, has until March 2 to complete its voluminous report.

After nearly 20 months of activity, the Committee had had 27 hearings, piled up 7,500 pages of testimony. All hearings were public, and some brought unsettling repercussions in the fields of insurance regulation and tax collecting.

Sen. Charles Herring of Austin, chairman, is recommending such work be continued by a Joint House - Senate Committee. There must be some sort of "watch dog," Herring believes, for the state's billion-dollar-a-year business.

Slow Down!

Chronic speeders would soon find themselves getting around on shoe leather under a strict new measure proposed by Rep. Ben Lewis of Dallas.

Under the bill, the first speeding conviction would bring a 30-day license suspension; the second, a 60-day suspension; the third, six months; and all thereafter, one year. A record of each conviction would be carried on the driver's license.

Speeding, Lewis pointed out, is regarded as a leading cause of accidents.

Anti-Hair-Splitting

"Harmless errors" would no longer be grounds for reversal of a criminal court conviction under a measure being sponsored by Rep. Tom James of Dallas.

Only "substantive errors" would require the throwing out of a trial court decision.

There has been some criticism in recent years of Court of Criminal Appeals decisions which nullified convictions because of such things as misspellings and typographical errors. James' bill was recommended by the Texas Law Enforcement Commission.

Chicago is the country's greatest rail center. Some 1,770 trains arrive and depart daily.

Morton Services Held Saturday

Funeral services for Mrs. Viola Bell Morton, 72, were held Saturday afternoon in the First Methodist Church in Happy with the Rev. Walter Hadley, pastor, officiating. He was assisted by the Rev. Aubrey White of Amarillo.

Mrs. Morton died at 1:20 p. m. Friday in her home east of Happy. She had been a resident of Happy for two years, moving there from Baird.

Mrs. Morton was born in Hamilton County, Sept. 29, 1886. She was married to C. W. Morton on Dec. 27, 1899, at Snyder.

Surviving are her husband, two daughters, Mrs. Nina Oliver of California and Mrs. Copus Boyd of Happy; one son, C. O. Morton of Baird; one brother, Dr. J. M. Harrington of Lamesa; one sister, Mrs. Mary Stuart of San Antonio; five grandchildren and seven great-grandchildren.

Burial was in Happy cemetery under the direction of Warren-LaGrone Funeral Chapel.

Anise seeds, taken from a plant native to the Mediterranean area, are used extensively for seasonings and medicines.

H. W. Burrus Hosts Town, Country Club

The Town and Country Club met with Mr. and Mrs. H. W. Burrus last Thursday night.

Guests were Carolyn Campbell and Jack Campbell. Members present were Mr. and Mrs. L. T. Campbell, Mr. and Mrs. A. M. Olson, Mr. and Mrs. Glen Costley, Mr. and Mrs. John Cook, Mr. and Mrs. Worth Jennings, Mr. and Mrs. M. B. Brown, Mr. and Mrs. John Jennings, Mr. and Mrs. Edd Reynolds and Mr. and Mrs. Albert Byars.

Refreshments of cherry pudding with whipped cream, nuts and coffee were served.

Mrs. Crain Hosts 1925 Bridge Club

Mrs. Newton Crain entertained the 1925 Bridge Club last Wednesday. She carried the George Washington theme in tallies and refreshments.

Present were Mrs. A. H. Prichard, Mrs. Milton Morris, Mrs. Iverson Leake, Mrs. W. A. Warren, Mrs. Ray McReynolds, Mrs. Glenn Dowlen, Mrs. A. K. Knott and Mrs. J. M. Daugherty.

U. S. Naval Academy was established at Annapolis, Md., on the site of an abandoned army fort.

BETTER !

That's what users say of Golden Esso Extra gasoline . . . and truer words were never spoken!

Golden Esso Extra will improve the performance of *any* car in *any* price class.

It is a modern gasoline of highest octane rating and exceptional purity, formulated with special chemicals from Humble's great Baytown refinery. It gives *superior anti-knock performance;* it *burns cleaner* than any other gasoline; it *eliminates "bucking"* when you start and *"rumble"* as you run; and it adds the *power and response* that make driving safer and—yes, more fun! As one Humble customer puts it, "Golden Esso Extra wakes up your car!"

The cost is only pennies more than the cost of gasoline in the middle-price range (about a nickel a day on the average), and you get a dividend of improved performance on every mile you travel. *Any* car in *any* price class.

See for yourself—fill up with Golden Esso Extra under your neighbor's Humble sign. *Every time!*

HUMBLE OIL & REFINING COMPANY

'World On Wheels' Given at JWBC

"The World on Wheels" was the program as the Junior Woman's Book Club met Feb. 13 in the Panhandle-Plains Historical Museum.

The two winners of an essay contest on "Are Teenagers the Worst Drivers?" read their entries. First place checks of $5 were presented to Janie Meyers, sophomore at Canyon High School, and Robert Ham, an eighth grader at Canyon Junior High School, by Mrs. Bob Lindsey.

Mrs. Bob Black introduced the two divisional winners in the contest sponsored by the club.

A short skit was given on "Raising a Heel at the Wheel." The cast included Mrs. Manly Bryan, Mrs. D. C. Gamble and Mrs. Harold Erwin.

A brief business meeting followed the program.

Mrs. E. H. Wright returned from a two weeks visit with her mother, Mrs. Mary Pendley of Waxahachie.

Girl Scout Banquet

Fathers were the guests of their daughters at a Girl Scout banquet Friday night in the elementary school cafeteria. The parents and daughters ate box lunches brought by the girls.

Dickerson Initiated By Tech Fraternity

Loyce Merle Dickerson was among 19 persons initiated Saturday by Phi Delta Kappa, Texas Tech's fraternity for men in education.

Dr. P. Merville Larson, head of Tech's speech department, was guest speaker, talking on "Going to School in Scandinavia."

Dr. F. W. Mattox, Lubbock Christian College president, delivered the invocation. Members of the initiation team were Dr. R. E. Garlin, Dr. Doyle D. Jackson, Dr. Carey Southall, and Dr. George P. Meacham, professors in Tech's department of education.

Texas ranks fifth in the nation in number of air passengers carried each year.

Only diamond mines in North America are in Arkansas.

Largest of Texas' state parks is Big Bend National Park, comprising 708,000 acres.

U. S. SAVINGS BONDS

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS OF THE 18TH CONGRESSIONAL DISTRICT

Lincoln's Birthday

Last week marked the 150th anniversary of the birth of Abraham Lincoln. It has been traditional in the Congress to celebrate the birth of Abraham Lincoln by proper and fitting ceremonies and remarks. This year, being the 150th anniversary, the ceremony was much more elaborate.

A Joint Session of the House and Senate was called to order by the Speaker. It was also attended by representatives of every branch of the government and most of the foreign powers represented in this country. The invocation was delivered by the Reverend Bernard Braskamp, Chaplain of the House, and the benediction was delivered by the Reverend Dr. Frederick Brown Harris, Chaplain of the Senate.

The famous Gettysburg Address was delivered by Frederic March, who was selected for the role by the Motion Picture Association of the United States of America. This was followed by one of the most moving addresses it has been my experience to witness during my lifetime.

It was delivered by a great historian, Carl Sandburg, who is probably the greatest authority of all time concerning the life of Abraham Lincoln. I wish there was room in this newsletter to repeat the address, but there is not. However, I do want to quote one part of it and comment on it. Mr. Sandburg, in discussing the trials and tribulations of Lincoln, made this statement:

"He argued and pleaded for compensated emancipation of the slaves. The slaves were property, they were on the tax books along with horses and cattle, the valuation of each slave written next to his name on the tax assessor's books. Failing to get action on compensated emancipation, as a Chief Executive having war powers he issued the paper by which he declared the slaves to be free under 'military necessity.' In the end, nearly $4 million worth of property was taken away from those who were legal owners of it, property confiscated, wiped out as by fire and turned to ashes, at his instigation and executive direction. Chattel property, recognized and lawful for 300 years was expropriated, seized without payment."

Mr. Sandburg, in this short statement, put his finger on the cause of the War Between the States. Contrary to the beliefs of many, slavery was not the question. The question was the unlawful confiscation of property. There has never been a doubt in my mind but that had those who brought these unfortunate people into this country and sold them into slavery been as anxious to right a wrong born of their action as they were to sell these people, there would never have been a War Between the States.

No Christian human being would today argue as an advocate of slavery. The South would gladly have relinquished any claim to property ownership in a human being, but they did feel that they had the right to ask for and receive a return of the price they had paid to those who were clamoring for the violation of a vested property right at that time.

I am glad that the remarks of Mr. Sandburg have been imprinted in the Congressional Record. He did a wonderful job in preparing his speech and it will serve as a rich source for reference in the future.

Old Home Week

Last week was like Old Home Week for Texans in Washington. The NRECA (National Rural Electric Cooperatives Association) held its annual meeting in the nation's capital. Of the 7,000 delegates registered, well over 500 came from Texas. The Panhandle sent a sizable contingent of almost 30. Most of them were able to come by the office for a visit.

The Texas Delegation in Congress entertained the Texas group at a coffee in the room in the Capitol originally occupied by the Senate of the United States, then occupied by the Supreme Court before it moved to its present building, and now used for committees and other purposes. This room is steeped in history and is one that should be visited when you come to the Capitol.

The URECA group from Texas entertained the Texas Congressional Delegation at a wonderful dinner in Sheraton Hall at the Sheraton Park Hotel, the largest meeting hall for this purpose in the nation's capital. All of us enjoyed ourselves and had a good visit.

Date Filed: February 13, 1959

ANNUAL STATEMENT OF PERPETUAL CARE FUND

For Year Ending Dec. 31, 1958
Of MEMORY GARDENS OF AMARILLO, INC.

1. Name of Trust Company or Bank with trust powers holding Perpetual Care Fund, or, if no Trust Company or Bank, names of Trustees holding Perpetual Care Fund.
   The First National Bank of Amarillo, Trust Department, P. O. Box 1331, Amarillo, Texas.
2. Filing Fee. (Fee must accompany this report.)
   For cemetery serving city with population of 25,000 or less—$10.00
   For cemetery serving city with population of 25,000 or more—$25.00
3. (a) Detailed sworn statement of Perpetual Care Funds held in Bank or Trust Company or Trustees is attached to and made a part hereof, total of which is:
   Principal amount $4,040.33
   (b) Total amount of Perpetual Care Fund not yet collected on term sale contracts but allocated for Perpetual Care, now in process of collection and to be paid to Trustee as collected according to trust agreement. $1,170.57
   Does trust agreement provide for 10% of sale price or minimum per square foot grave space, crypt or niche as provided by law? Percentage 10% Minimum.

PONTIAC NAMED CAR · OF · THE · YEAR

1959 MOTOR TREND AWARD TO PONTIAC

"Pontiac with wide-track wheels is the best combination of ride... handling...performance and styling of any '59 car"—*The Editors of Motor Trend Magazine*

In making its annual automotive award, the staff of Motor Trend Magazine, leading automotive publication, tests and evaluates all new cars. Here are quotations from the April 1959 issue:

"The stability of the 1959 Pontiac is the outstanding automotive advance of the year. Everyone considering a new car should experience it."

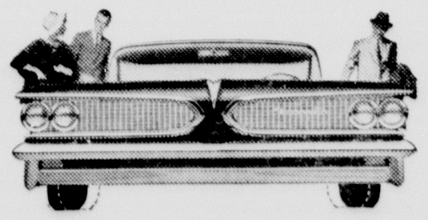
"It's the best balanced passenger car in America. We firmly believe that in moving the wheels farther apart, to develop the widest stance of any American car, Pontiac has created an entirely new sense of balance and handling security."

"Pontiac's lines are clean, simple and beautiful. It has a fleet look, a trim appearance. The wide wheel design contributes greatly to its over-all integrated styling. Any comparison with narrower track cars readily shows the difference."

"For the economy-minded, an efficient new engine. The new 420E Tempest economy engine offers remarkable performance along with exceptionally high mileage while operating on regular grade gasoline."

"Pontiac is again tops in performance, based on our extensive road testing. Acceleration is outstanding, yet the engine is unusually quiet and smooth."

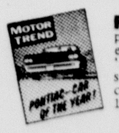
Your nearest Pontiac dealer will be glad to let you road-test this award-winning automobile on your own. You'll see why it's the year's most talked-about car!



THE ONLY CAR WITH *WIDE-TRACK* WHEELS

Wheels are five inches farther apart. This widens only the stance, not the car. Pontiac takes a better grip on the road, hugs tighter on curves and corners. Sway and lean disappear, ride is smoother, balanced, steadier. Handling is easier. You drive with a new confidence, a comforting security. *Pontiac gives you roadability no "narrow gauge" car can offer.*

PONTIAC! America's Number ① Road Car
Three Totally New Series • Catalina • Star Chief • Bonneville



FREE! If you would like a reprint of the complete, illustrated article with all the tests and evaluations on which Motor Trend judged Pontiac "Car of the Year"—see your Pontiac dealer or simply send your name and address on a postcard to Pontiac Motor Division, Department 10, Pontiac, Michigan.

Toastmistress Club To Meet Friday

The Canyon Toastmistress Club will meet at 7:30 Friday evening the Fellowship Room of the Episcopal Church.

Topicmistress will be Dr. Leta Boswell, and Mrs. W. E. Parker will be the toastmistress. Prepared speeches will be given by Mrs. Fern Newton, Mrs. Clyde Warwick, Mrs. Rae M. Walters, Mrs. James Cole and Mrs. R. L. Hall.

General evaluator for the meeting will be Mrs. A. M. Cunningham.

All interested women are invited to be present.

Steele Addresses Sue Hite Meeting

Richard Steele, assistant professor of government at West Texas State College, addressed the Sue Hite Club as it met Monday in the Panhandle-Plains Historical Museum.

He spoke on international politics and stressed the need for international diplomats to take into consideration the social and economic backgrounds of the people with whom they are dealing. He also explained the shelling of Quemoy and Matsu and the present Berlin crisis.

Mrs. A. K. Goodman gave a report on International Clubs.

Mrs. Levi Cole and Mrs. Virgil Henson were elected new members of the Library Board. Mrs. Cole and Mrs. R. C. Busteed were hostesses.

Wayside News

The Rev. Richard Brewster filled his appointments Sunday and also held pre-Lenten services Monday, Tuesday and Wednesday nights. The Rev. Roland Moore was also present.

Elvin Scroggins' mother passed away Wednesday afternoon in a Lubbock hospital. Services and burial were at Leonard Friday.

Carolyn and Larry Brawner of Amarillo are weekend visitors in the Willie Modisette home. Their parents, Mr. and Mrs. Brawner, and some friends are sight-seeing in Mexico over the weekend.

Mrs. Guy Watson took Mrs. Mary Jenkins of Canyon to visit John McGehee in Thurman's rest home in Amarillo Monday.

Mr. and Mrs. W. R. Franklin were guests at a turkey dinner and get-together of the family of Mr. and Mrs. Jim Sluder in their home in Happy Thursday.

Mrs. Willie Modisette honored her daughter, Fay, on her eighth birthday by giving a party Saturday afternoon. Cake, ice cream and punch were served to Carolyn and Larry Brawner of Amarillo, Annie Curtis and Kathy Fowler; Sammie, Vicki and Randy Mayes and Derrel Martin. Other guests were Mrs. Fowler, Mrs. Mayes, Mrs. Martin and Royce and Marian Modisette.

Mr. and Mrs. W. R. Stockett visited her father, John McGehee, in Thurman's rest home in Amarillo.

Lent Before Easter

Do you plan to observe Easter—anyway at all—by dyeing eggs or going to Church? Then you need Lent, before Easter, to prepare you for Easter.

Lent explains Easter eggs, for instance. The egg is sealed up tightly, but there is new life inside an egg! Similarly, man was sealed up in the grave for a hopeless eternity. But God came into the world in Jesus Christ, lived the perfect life, and conquered death and the grave in His crucifixion and resurrection.

Now there is eternal life—even in the grave—for all believers in Christ. So the egg is a symbol of Christ's resurrection, a guarantee for all who accept His sacrifice for sin.

A lot must happen before a chick hatches from an egg. And you can't expect to show up in church on Easter and really be a worshipping Christian unless a lot happens to you during Lent!

Use Lent's forty days to consider God's warning about the damning nature of your wrong thoughts and actions, of your failure to live as God's man or woman. Be in church during Lent to hear of Jesus Christ's battle against the devil and His victory over sin. Your nearest Lutheran church invites you.

Such a Lent will mean a blessed Easter!

Mr. and Mrs. G. E. Wesley were in Amarillo on business Tuesday.

Mr. and Mrs. H. H. Shipman returned Wednesday evening from Farmington, N. M., where they helped their son, Jerry, and his family settle. Jerry was transferred there by his company. The couple also visited Mrs. Shipman's uncle and aunt, Mr. and Mrs. James Roberts at Albuquerque, and Mr. and Mrs. Austin Roberts of Farmington had their cousins for supper.

Those playing "88" in the G. E. Wesley home Wednesday evening were Mr. and Mrs. Frank Rogers, Mrs. Nan Earyle Gauthreaux, C. P. Rogers and Mr. and Mrs. J. W. Wesley.

Mrs. Vesta Stringer and boys are visiting friends and relatives here while Sam is being treated in a veteran's hospital.

Guests for supper in the F. O. Amerson home Thursday, were Mrs. Vesta Stringer and boys, Mr. and Mrs. Dean Cagle and girls, Mr .and Mrs. Don L. Amerson and children, and Mr. and Mrs. J. W. Wesley.

Mr. and Mrs. Rayford Shipman went to Seymour Thursday to help care for Rayford's father who has been on the critical list. Their children are staying with the E. W. Schaeffers, the grandparents.

Shopping in Canyon were Mrs. Woodrow Wesley, Mrs. J. W. Wesley, Mrs. Serena Bryan and Mrs. Virgie Liston.

Mrs. E. M. Wilson was in Happy Thursday morning.

The weather has been quite cold all week, but it is still dry.

Mr. and Mrs. H. H. Shipman and daughter, Mrs. Nan Earyle Gauthreaux, and Mrs. Moin Schrib left Saturday evening to go to Seymour where two uncles and an aunt are quite ill.

Charles Pierce preached Sunday. His wife, Pat, plays the piano for the services, for which we are grateful.

Woodrow Wesley took stock to the sale in Amarillo Wednesday.

C. P. Rogers has been repairing a tractor for J. W. Wesley.

NOTICE

A public hearing will be held March 16 at 7:30 p. m. in the Canyon City Hall by the zoning board to consider rezoning the following property:

Umbarger News

Mr. and Mrs. Harvey Artho and family and Mr .and Mrs. Sonny Gerber visited in the Ray Gerber home.

Rudy Friemel and sons spent the afternoon with the Lee Haschke family.

Margaret and Mary Raef visited with Mr. and Mrs. Barnard Hartman.

Mr. and Mrs. Raymond Batenhorst and family were dinner guests at the Warner Henscheid home.

Mr. and Mrs. Snooky Lindemann and girls visited in the home of Dan Gallegar of Amarillo.

The Eddie Wieck family spent the afternoon at the Alfred Reinhart home.

The Elroy Arthos visited in the Ted Irlbeck home.

Mr. and Mrs. Dennis Brandt and family visited with the John Batenhorsts.

Mr. and Mrs. Richard Friemel visited the Frank Grabber family.

Mr. and Mrs. Joe Rickwartz and children from Dumas were guests in the Joe Wieck home.

Mr. and Mrs. Henry Gerber and children spent Sunday afternoon with the James Lambe family in Bushland.

The Matt J. Gerber family were callers in the Ray Gerber home.

Mr. and Mrs. Conrad Westhoff and girls and Willie Artho were guests in the Leo Artho home to welcome the arrival of Sharon Marie, daughter of Mr. and Mrs. Leo Artho. She was born Feb. 17 in Neblett Hospital.

Paul Artho and his daughters, Gracie, Mrs. Elsie Fangman of Hereford, and Mrs. John Berkinfeld of Nazareth and son, Andy, are visiting relatives in Scheulenburg.

Attending the funeral of Mrs. Lucy Meyers in Okarche, Okla., were Ray Gerber and daughter, Carol, and Mr. and Mrs. Matt Albracht, Billy, and Mary Margaret. Mrs. Meyers, 82, was the mother of Mrs. Charles Friemel and the aunt of Mrs. Albracht and Ray Gerber.

Exchanging visits were: Dorothy Wieck with Barbara Lieckhus; Dwayne Gerber with Jimmy Albracht; and Johnny Hoffman with Dan Stocker.

Mary Janssen, daughter of Mr. and Mrs. William P. Janssen, is now convalescing at home after undergoing surgery at Northwest Texas Hospital.

Prof To Attend Music Festival

Dr. Ted J. Crager, head of the music department of West Texas State College, will be a clinician-adjudicator of a state music festival in Brownwood Friday and Saturday.

SOIL CONSERVATION DISTRICT NEWS

Have you been wishing there was some way to work out a complete conservation program for your farm or ranch, and know for sure that federal cost-shares were set aside to help you complete the work?

The Great Plains Conservation Program may be exactly what you need. Unlike other cost-share programs, the Great Plains Conservation Program covers the entire farm or ranch, covers a complete soil and water conservation plan to control soil and water erosion, covers all needed land-use changes, and sets aside cost-shares for conservation practices to be installed over the period of the contract.

A contract with the Great Plains Conservation Program covers a minimum of three years and may extend over a period of 10 years.

The cost-shares under the Great Plains Conservation Program range from 25% to 80% of the average cost of installing conservation practices. These cost-shares, for some practices, are greater than has been available previously. The larger cost-shares are offered to interest farmers and ranchers in establishing a complete conservation plan, rather than adding one or two practices without completing a coordinated soil and water conservation program for his land.

If you are interested in the Great Plains Conservation Program, call on the Soil Conservation Service for more information.

The supervisors of the Randall-Potter Soil Conservation District wish to remind you that the SCS can and will continue to give you assistance on your soil and water conservation problems through the regular district program.

Cornette To Attend Commission Meet

Dr. James P. Cornette, president of West Texas State College, will attend a meeting Monday of the Advisory Committee to the Commission on Higher Education.

The group, composed of presidents of state-supported colleges, will meet in Austin to make a further analysis of a proposal to increase tuition at state colleges.

The Commission, headed by Dr. Ralph Green, has recommended that tuition be increased, and it will meet concerning the proposal on March 9.

Five Highway Deaths in '58

The Highway Patrol investigated 137 rural traffic accidents in Randall County during 1958, Sgt. D. W. Duggan, patrol supervisor for this area, has announced.

Four of the wrecks resulted in five deaths and 34 had the result of 52 persons injured. Property damage in the county was $76,877.

In 1958, Texas recorded 1,869 fatal wrecks which resulted in 2,311 deaths, the sergeant said. Some 639 were in cities over 2,500 population and the rest were in rural areas.

During January of this year, Randall County has had 15 wrecks, a decrease of four from the same period last year. Two of the wrecks resulted in injuries. None were fatal.

Eloyce Money, Walter Allen Denny Married in Ceremony at Amarillo

The Seventh-Day Adventist Church in Amarillo was the scene of the marriage of Roxie Eloyce Money, daughter of Mr. and Mrs. Ed Money of Canyon, and Walter Allen Denny of Hawthorne, Calif., son of Mr. and Mrs. Ben Denny of Staples, Minn.

The Rev. Reuben F. Schneider read the vows at 7:30 p. m. Feb. 15.

Playing traditional wedding selections was Mrs. Lois McConnell, organist. Mrs. Edel Money sang "At Dawning" and "I Love Thee." Herman Harp of Amarillo sang "Together" and the "Wedding Prayer."

Flanking the center arrangement of twin hearts were orchid candelabra bearing cathedral tapers and cascading clusters of majestic daisies and plumosis fern garland.

Candlelighters were Mrs. Money and Mr. Harp.

Gladys Denny of Los Angeles, Calif., was maid of honor. Bridesmaids were Mrs. Money, Mrs. Meade Humphries, and Mrs. Gerald Dietz, all of Canyon. They were attired in red brocaded taffeta sheath dresses with full net overskirts and taffeta cummerbunds. Bows decorated the bouffant skirts. Their hats were capulets of taffeta with circular tulle veils. They wore matching net mitts and carried white satin hearts pinned with nosegays of red carnations.

Edel Money of Canyon, brother of the bride, was best man. Groomsmen were Herman Harp and Calvin Casey of Amarillo and Claude Money of Canyon.

Flower girl was Janice Roberson, who wore a white nylon and net dress and carried a handmade basket of tulle and ribbon. Bill Dean Ockander was Bible boy.

The bride, given in marriage by her father, wore a floor-length gown of embroidered nylon tulle fashioned with a bouffant skirt outlined with scalloped embroidery. The neckline and sleeves were embroidered delicately. Mrs. Denny wore matching mitts of nylon tulle. The veil was a brim capulet of sheer illusion laced with trim seed pearls and attached to a fingertip veil of sheer illusion.

She carried a cascade arrangement of white feathered carnations on a white Bible tied with satin streamers.

Mrs. Money chose a navy blue dress and white dutch iris corsage for her daughter's wedding.

A reception in the home of the bride followed.

The table was centered with a large white net heart holding red cupids and silver streamers. Serving were Mrs. Lars Ockander and Mrs. Calvin Casey.

The bride chose a tweed suit with cherry fizz hat and gloves and a corsage from the bouquet for the wedding trip to the Grand Canyon.

The couple will be at home in Hawthorne, Calif.

Mrs. Denny received her RN at the Glendale School of Nursing. She attended Canyon High School, Southwestern Junior College, Keene, and Union College, Lincoln, Neb.

The bridegroom is a graduate of a Staples, Minn., high school, and attended Minneapolis College. He is presently employed by the Hughes Products Corporation, Los Angeles, Calif.

Prof Featured In Guild Book

A biographical sketch and photograph of Dr. Emilio Caballero, head of the West Texas State College art department, will be included in a book planned by the South Plains Art Guild.

The book will be titled "Fifty Years of Art on the Texas South Plains," and is planned by the art group in Lubbock. Dr. Caballero has exhibited paintings with the group and has assisted in teaching classes and judging for the group.

NHS Initiates 22 Members

Twenty-two new members were initiated into the Canyon chapter of the National Honor Society in ceremonies in the Canyon High School auditorium last Wednesday.

Claudia Neelley, sponsor, administered the pledge, and John Menke, NHS president, and James E. Miller, principal, presented the new members with cards and keys.

Immediately before the ceremony, five members told the initiates of various NHS standards. Speakers and their topics were Sondra Hines, spirit of NHS; Delores Wagner, character; Margaret Juniper, scholarship; Mayla Atkinson, leadership; and Eddie Boydstun, service.

Miller welcomed the new members, and Margaret Johnson gave the response.

Initiated were Nancy McCormick, Martha Maddux, Korene Kiser, Jerry Parker, Gene Stocker, Marcia Barker, Robert Blythe, Arlene Boehning, Jackie Breitling, Mary Bess Brillhart, Willma Burkett, Jeannie Coombes, Bill Cornette, Judy Parsons, Linda Green, Billie Hutton, Bobby Johnson, Margaret Johnson, Treva Jordan, Charles Nester, Velda Jean Oberst and Carole Jones.

Members are selected on the basis of leadership, character, service and scholarship.

Officers for the year are John Menke, president; Sondra Hines, vice president; Sally Foster, secretary; and Mrs. Cecil Simms, treasurer.

Douglas To Address Classroom Teachers

Omer Douglas, superintendent of schools in Brownfield, will be speaker for a meeting Tuesday at 7:30 p. m. of the Randall County Unit of Texas State Teachers Association and the Canyon Classroom Teachers Association.

The two groups will meet at the high school cafeteria to hear Douglas, who is a member of the TSTA Legislative Committee. He will talk on the various legislative proposals of interest to education now appearing before the Texas Legislature.
